This program addresses the needs of the School District's growing immigrant student population at McPolin, as well as offering expanded learning opportunities for all students at the school. Students commit to attending 3 days each week, for 2 hours each day, to work with one teacher/paraprofessional at every grade level. Community and student volunteers work with small groups of students on their math, language arts and reading homework, as well as computer projects. Contact Edna Olson at eolson@pcschools.us for more info. After school program for kids in grades K-5 on Mon, Wed, and Thurs. 3-5 pm. Family Literacy at McPolin from 8-9 am Mon-Thurs.

Literacy Programs for New Mothers

People's Health Clinic Literacy Program: Stories to Grow On
650 Round Valley Drive
435-333-1850
www.phcpc.org

On Wednesdays the clinic schedules prenatal appointments only. Children who come to the clinic will be read to in the waiting area using a collection of bi-lingual books. The purpose is to talk to the parents about the importance and joy of reading with their children. New books will be handed out (a total of 5-10) during the prenatal appointment period. Volunteers will also model reading techniques and offer tips for reading with young children. Public Library information will be available there.
